WHEREAS, City Ordinance No. 2013-047 (otherwise known as the "Revised Traffic Code of the City of Bacoor") took effect on 4 November 2013;

WHEREAS, Section 14 of the said City Ordinance mandated the Bacoor City Transportation Board (BCTB), the Bacoor Traffic Management Department (BTMD), and the Sangguniang Panlungsod, in coordination with the Office of the City Mayor, to review the said ordinance and its implementing guidelines at least once every two (2) years following the approval thereof for possible amendments or revisions;

WHEREAS, on 24 February 2014, the Bacoor Traffic Management Department and the Office of the City Mayor proposed the revision of the same City Ordinance through the imposition of a "no contact traffic apprehension policy";

WHEREAS, public hearings conducted by the Sangguniang Panlungsod regarding the said proposal revealed that the implementation of such a policy would lessen the temptation to commit graft and corruption on the part of traffic enforcers, create a culture of traffic law compliance among motorists even if they do not see traffic law enforcers along the road, and improve the capability of the BTMD to enforce the said Revised Traffic Code;

WHEREAS, to ensure that the "no contact traffic apprehension policy" shall be fairly and equitably implemented, an appropriate body that will address controversies relating to such policy should be created.

NOW, THEREFORE, the Sangguniang Panlungsod, in regular session assembled, **HEREBY ORDAINS** that:

Section 1. The following provisions are hereby inserted between Sections 158 to 159 of City Ordinance No. 2013-047:

"RULE XXI

The No Contact Traffic Apprehension Policy

Section 159. Imposition of the "No Contact Traffic Apprehension Policy". - A no contact traffic apprehension policy ("the Policy" for brevity) shall be strictly observed in all roads within the City of Bacoor.

Section 160. Meaning and Mechanics of the Policy. - The Policy pertains to the sending of a Traffic Violation Receipt (TVR) to the address of the registered owner of a vehicle that violates any provision of this Ordinance even without being apprehended by a traffic enforcer.

160.1. The City Government shall cause the installation of Red Light Traffic Cameras and/or speed cameras in all major

intersections within the City of Bacoor. The "Red Light Traffic Cameras" are electronic devices that automatically take high speed, high resolution photos of vehicles that will beat a red light or enter a "yellow box" after a traffic light has turned red, break the speed limit, make wrong turns, travel against the flow of traffic, violate Section 85 of the Traffic Code (also known as the truck ban), encroach upon or stay on a pedestrian lane near an intersection, or commit other violations of the Revised Traffic Code. Speed cameras are devices used to measure the speed of moving objects;

160.2. Only Red Light Cameras and speed cameras conforming to internationally-accepted standards such as those already being successfully used and tested in the US, Canada, Europe, Australia, and other foreign countries shall be installed within the City of Bacoor;

160.3. The Red Light Camera system and speed cameras to be installed within the City of Bacoor, shall continuously monitor the traffic situation in the intersections or in any other areas where they shall be operated on a 24/7 basis. Any vehicle entering the intersection after the traffic light has turned red shall automatically trigger the Red Light Cameras. On the other hand, designated personnel of the BTMD shall operate speed cameras that would then automatically take pictures of vehicles moving beyond the maximum speed limit. The driver and the vehicle that enters an intersection after the traffic light located thereon has turned red, or breaks the speed limit, makes wrong turns, travels against the flow of traffic, violates the truck ban, swerves, travels out of line, or commits other violations of the Revised Traffic Code, shall be known henceforth as a "red light runner";

160.4. A series of photographs and video images showing the red light runner prior to the violation as well as the vehicle's progression through the intersection or on any road covered by a red light camera or speed camera shall be recorded and shall be accepted as evidence of such violation. The BTMD shall keep records of such violations for at least two (2) years but cases against the registered owners of red light runners should be filed within two (2) years from the date of the commission of the said offense. The BTMD's records shall be provided to the Philippine National Police (PNP) or to the National Bureau of Investigation (NBI) in relation to any criminal investigation where such evidence may be needed;

160.5. The Red Light Cameras and speed cameras shall be calibrated in such a way that they will record the license plate of the red light runner as well as the date, time of day, and the time elapsed when the said violation was committed;

160.6. The BTMD and/or the City Engineering Office shall install traffic lights and clearly marked and legible stop lines and "yellow boxes" in all intersections that will be equipped with Red Light Cameras, as well as other traffic signs where the Red Light Cameras and speed cameras shall be installed or situated;

160.7. The yellow warning sign of traffic lights to be installed on the said intersections shall be set at three (3) seconds before the signal light turns red. Vehicles with such tints shall be flagged down by BTMD personnel and the driver thereof shall be reminded that dark windshield tints reduce visibility, expose motorists to vehicular accidents, and limit the ability of the City Government and the police authorities to assist him in case a crime is being committed inside his vehicle;

160.9. A motorist who drives past the stop line before the traffic control signal applicable to him turns red is not a red light runner;

160.10. Where expressly allowed by a traffic sign to turn right anytime with care, a motorist, after executing a complete stop, may drive his vehicle and enter the intersection and turn right with care even if the traffic signals applicable to him has turned red;
